### **NEWS ITEM**

We've prepared this programme in the hope and expectation that we'll be able to start walking in groups again sometime before the end of October, but at the time of writing (early June) we are not allowed to do any group activities. See the Stockport Walkers Website for up-to-date information.

### **Check-in with Walk Leader**

In these challenging times, when walks may be cancelled at short notice due to Covid-19, it is strongly recommended that you phone the walk leader to confirm that the walk is still going ahead as published in this programme, or if there are any restrictions in, for example, the maximum number of walkers on a particular walk.

### **STOCKPORT WALKERS WEBSITE**

[www.stockportwalkers.org.uk](http://www.stockportwalkers.org.uk)

The Public part of the website contains the current Walks Programme but no contact details of Walk Leaders.

The current Walks Programme, including contact details of Walk Leaders, is available from the Members' section which requires a Log In and Password entry which is only available for Members.

The website contains details of how to join Stockport Walkers.

## **WALKS SCHEDULE**

### **Guidance to Walkers**

Please refer to Members Handbook for “Guidance to Walkers” and for information on locating start of walks, maps, using the internet, mobile phones, car share / meeting points etc. If in any doubt, please contact the Walk Leader.

### **Walk Distances**

Unless otherwise indicated:

<b>A walks</b>	8 to 10 miles at a good pace
<b>B walks</b>	6 to 8 miles at a moderate pace
<b>C walks</b>	4 to 6 miles at a slower pace.

### **Shorter Walks**

Several members meet on Wednesdays for a short morning walk – often followed by lunch. They would be very pleased to welcome others.

### **Walk Times**

All walks start at 10:30, unless otherwise indicated.

All Sunday walks commence at 10:30, with the option to meet at 09:30 to share cars, unless otherwise indicated.

### **Map and Grid References**

“Map” identifies a relevant OS map.

The Map reference is followed by first the 3+3 digit Grid Reference and then by the Latitude & Longitude (datum WGS84).

The Latitude and Longitude is underlined, shown in blue and is linked to Google Maps. Click on the link to open a Web browser to show a Google Map of the reference point. As the Grid reference is only accurate to 3+3 digits the point shown on Google Maps will be approximate. If you find an error with a reference, please email:
